Internships

- **Full Stack Web Development Using PHP** — *Information Technology Institute (ITI)*
Graduated: October 2025
Key Topics: PHP OOP, Laravel Basics, JavaScript (Angular), MySQL, API Integration, Docker
Fundamentals, Project Collaboration Tools
- **Front-End Development** — *Eraa Soft (2025)*
Skills Covered: HTML, CSS, Bootstrap, JavaScript, jQuery, React, Next.js, Responsive Design,
UI/UX Principle

Education

B.Sc. Computer Science & Artificial Intelligence Faculty of Computer Science and Artificial Intelligence, Helwan University — 2023 with grade (*very good*)

Training

- **Diploma in Full Stack Web Development Using PHP** : Information Technology Institute (ITI), Expected October 2025 *Key topics: PHP OOP, Laravel basics, JavaScript (React, Angular), MySQL, API integration, Docker basics, project collaboration tools (2025)*
- **Front-End Development Diploma** Eraa Soft — 2025 *Skills: HTML, CSS, Bootstrap, JavaScript, jQuery, Responsive Design, UI/UX principles (2024)*

Projects

- **AI-Based Diagnosis Prediction System and Clinical Management (Graduation Project)** – Developed an AI-powered system to predict diseases and manage patient data through an interactive clinical dashboard.
Tools: Python, Scikit-learn, Flask, MySQL, HTML5, CSS3, JavaScript, Bootstrap
- **Dental Clinical Management System — Freelance (2025)**
Developed a web-based system for managing dental clinic operations, including patient records, appointments, and treatment history. Focused on usability, performance, and secure data handling.
Tools: Laravel, MySQL, HTML5, CSS3, JavaScript, Bootstrap
- **Multi-Actor E-commerce System (Front-End)** – Developed a responsive front-end for an e-commerce platform supporting customers, sellers, and admins with full cart and checkout functionality.
Tools: HTML5, CSS3, JavaScript, Swiper.js, SweetAlert2, LocalStorage, Bootstrap
- **Event Management System (Front-End)** – Designed and implemented a role-based event planning interface for managing events, guests, and budgets using localStorage simulation.
Tools: Angular, TypeScript, HTML5, CSS3, Bootstrap

- **Genius Online Education – Front-End** – Designed and developed a modern, responsive interface for an online learning platform with multiple educational pages.

Tools: HTML5, CSS3, BEM Methodology, JavaScript, Media Queries

Technical Skills

- **Programming & Frameworks** : PHP (OOP & MVC), Laravel (Basics), JavaScript (ES6+), jQuery, React.js, Angular, Vue.js (Basics), AJAX, JSON, HTML5, CSS3, Bootstrap, SASS/CSS
- **JavaScript Libraries & Tools** : jQuery UI, Lodash, Moment.js, Axios, Chart.js, D3.js, Swiper.js
- **Databases & Storage** : MySQL, SQLite, LocalStorage, SessionStorage, IndexedDB, Cookies
- **Tools & Platforms** : Git & GitHub (Version Control), Docker (Basics), Postman (API Testing), NPM, Web pack (Basics)
- **Other Skills** : RESTful API Development, AJAX & Fetch API, Responsive Design & Cross Browser Compatibility, Debugging & Performance Optimization

Personal Skills

- Excellent problem-solving and analytical abilities
- Strong communication and teamwork skills
- Fast learner with adaptability to new technologies
- Detail-oriented and committed to clean, high-quality code
- Efficient time management and project ownership
- Self-driven, proactive, and reliable in both independent and team settings

Languages

- Arabic: Native
- English: Professional Working Proficiency
